

Our goal is simple:

keep roofs leak-free, extend their lifespan, and serve our customers with integrity, expertise, and long-term value

We provide honest, expert roofing solutions that protect our customers' properties from the harsh realities of Texas weather. We are committed to delivering practical, cost-effective options—especially innovative metal roof restoration services that extend the life of existing roofs while preventing leaks and unnecessary replacements.

Our role is not to sell a roof, but to give our customers clear choices. Through thorough roof assessments, transparent recommendations, and high-quality craftsmanship, we help property owners make informed decisions that save money, minimize disruption, and reduce waste.

Industry Overview

The Spring & Summer weather in Texas is very predictable. It's Going to Hail! Chances are pretty good that your property is going to get hit. When hail stones the size of baseballs fall, it damages everything in its path. This situation warrants an insurance claim for replacement.

However, about 60% - 70% of Metal Buildings, in most storms, simply end up with Dime to Nickel size dings from hail. Meaning, the integrity of the Metal has not been compromised. This type of damage Does Not justify a replacement!

In today's marketplace, many existing policies are being converted to include what's called **"Cosmetic Waivers"**. This means the insurance company will not replace your roof simply because it has minor cosmetic damage.

But "Texas Hail" causes metal roofs to leak. That's why a Metal Roof Restoration is the **RIGHT** answer.

Our restoration Services

All metal roofs 12 to 15 years old will have screws backing out and rubber washers that are exhausted. This is where 90% of metal roofs are leaking from. Our restoration service includes any everything your roof requires to guarantee it remains **LEAK FREE** for a minimum of 5 Years.

- We replace every screw
- We replace skylights
- We patch rusted areas
- We replace old pipe boot covers
- We build water diverters
- **5-year LEAK-FREE Warranty!**

Our **Metal Roof Restoration** service extends the life of your roof by 15 to 20 years and cost less than 1/3 of the replacement cost. In many cases the insurance company pays for the services in full. There's no down time in your parking lot, and nothing is going into our landfills. We even recycle 100% of the screws when possible.

Why Choose Texas Elite?

We're here to give you Options! Not sell you a roof. We offer our customers over 26 years of roofing experience and will recommend multiple options for you to choose from to get your roof repaired or replaced

OPTIONS INCLUDE:

- Full Roof Replacement
- TPO & PVC Membrane (Flat Roofs)
- Silicon Based Roof Coatings
- Metal Roof Restoration
- Simple & Complex Repairs

We offer a comprehensive Roof Assessment that includes pictures and a detailed analysis of all roof issues, at NO CHARGE TO YOU.
